EBCC

European Bird Census Council

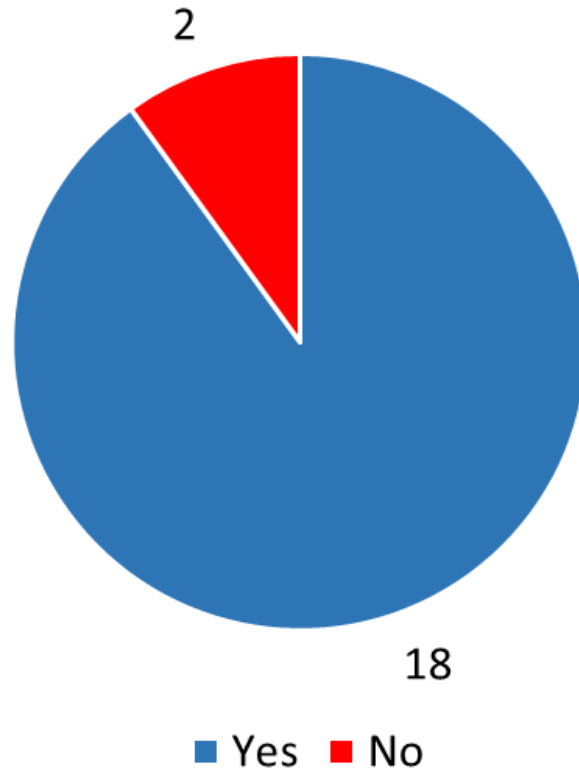

every bird counts

Achievements

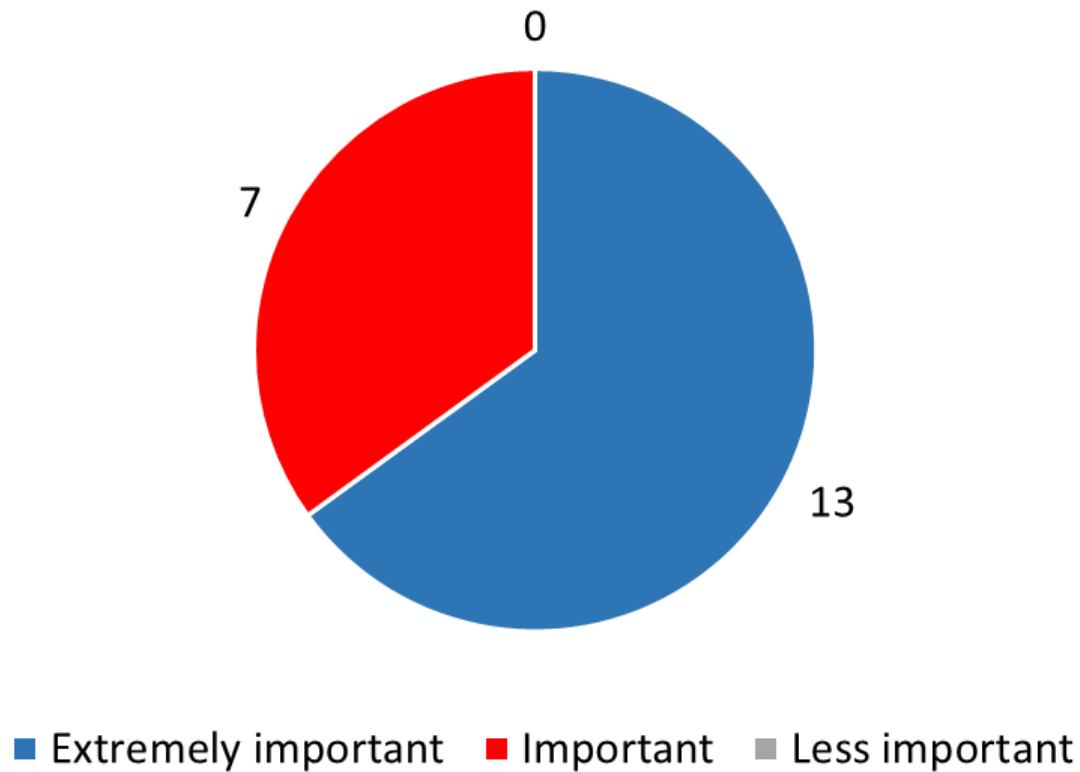

Project management

Plans for future

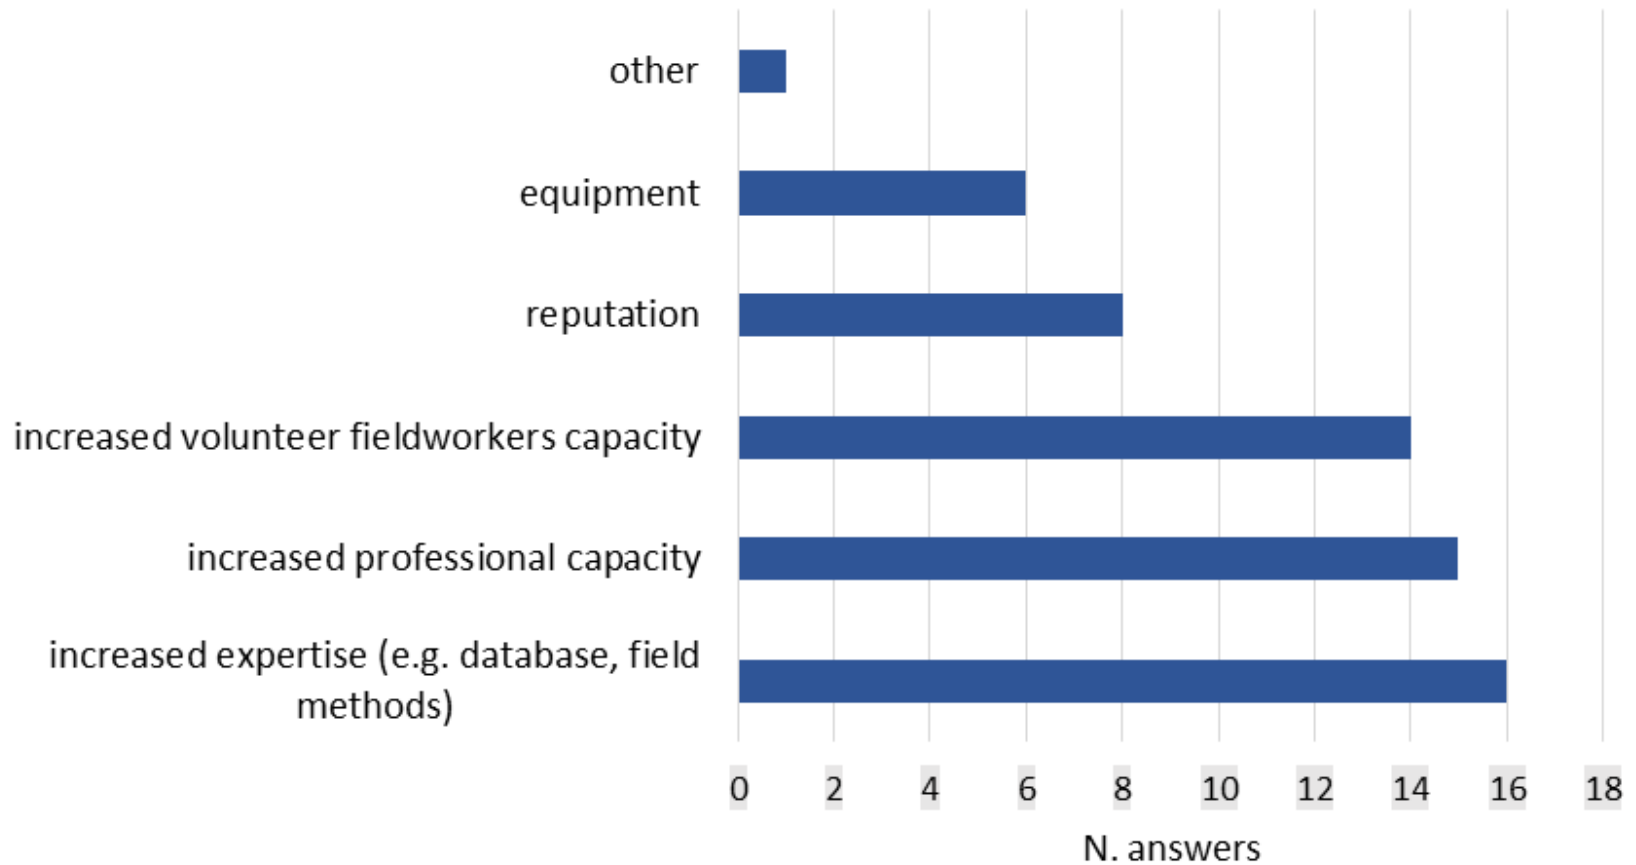

Project met expectations

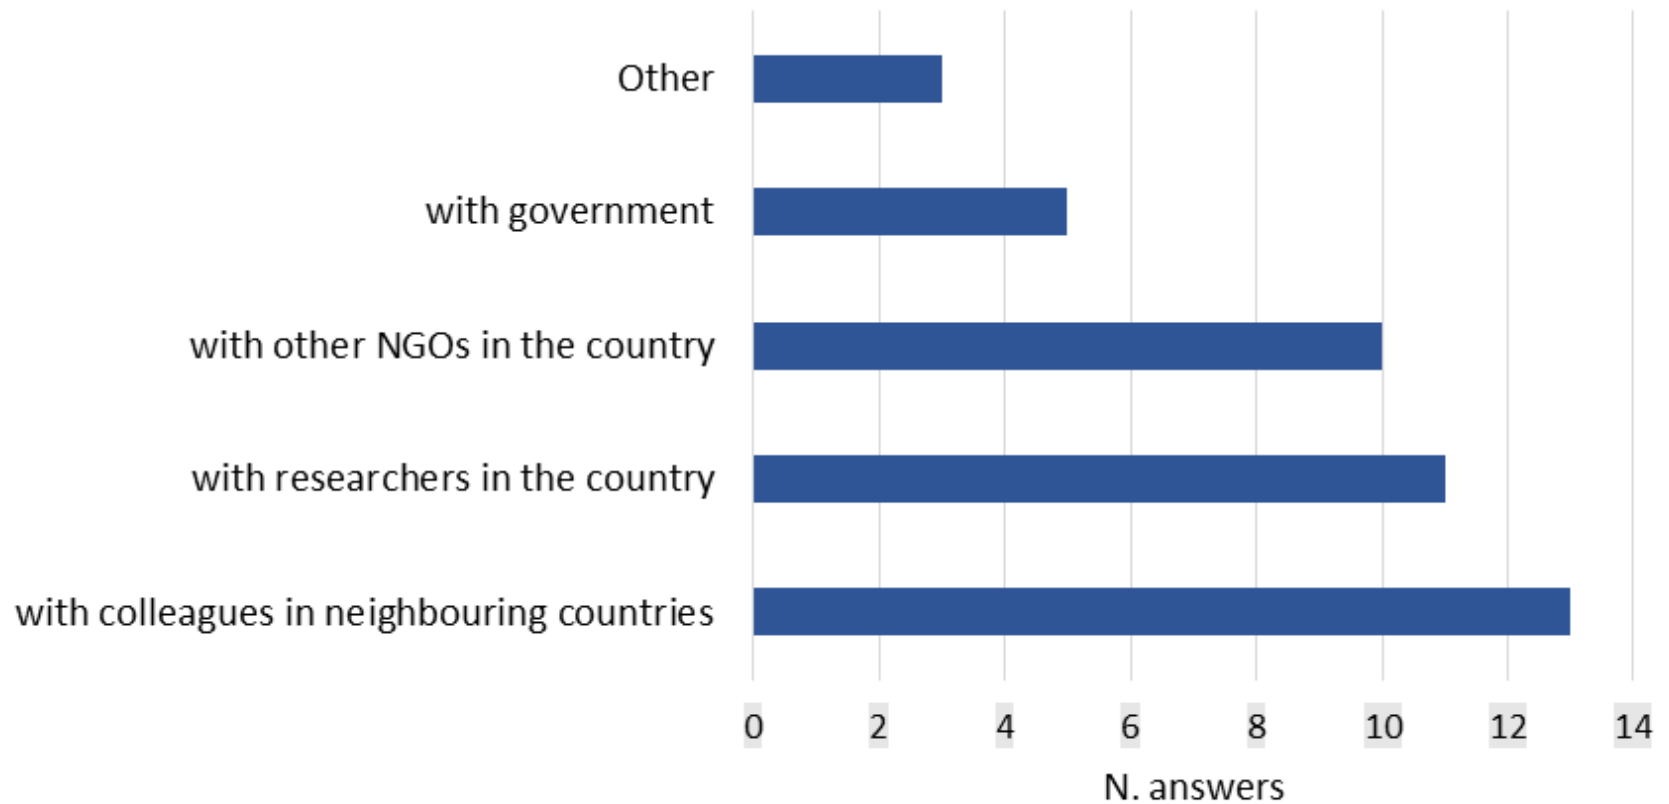

How important was the project for implementation of EBBA2?

What did you and/or your organisation gain?

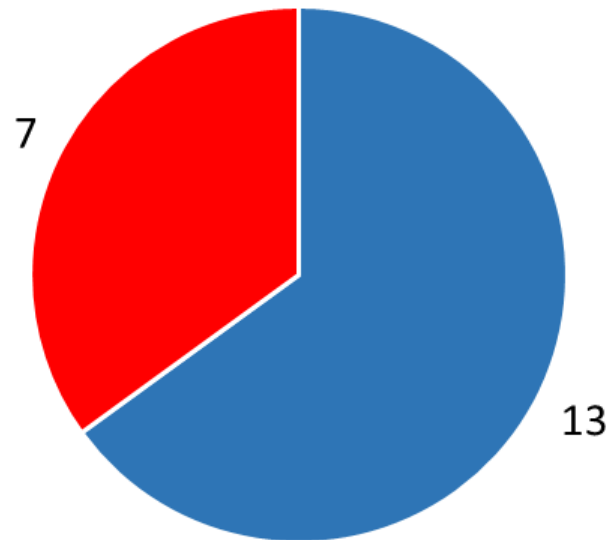

Did the project help you to set-up/strengthen cooperation with others?

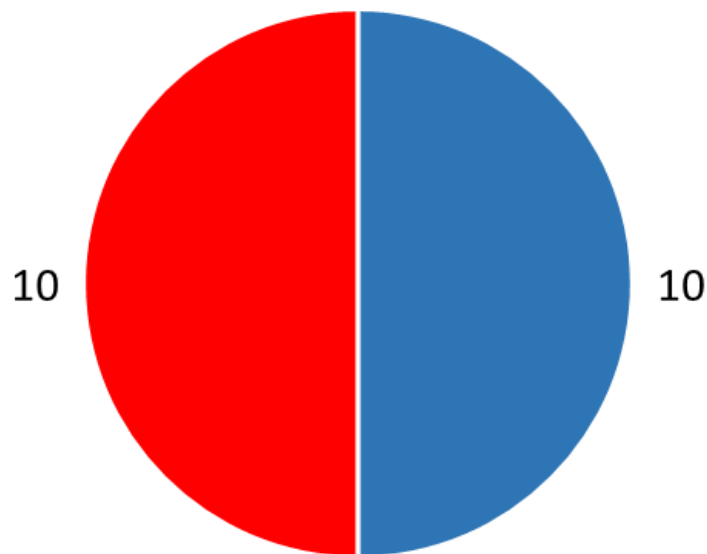

Data amount and quality main criteria of success

money allocated to your organisation
was:

■ Appropriate ■ Lower than it should be

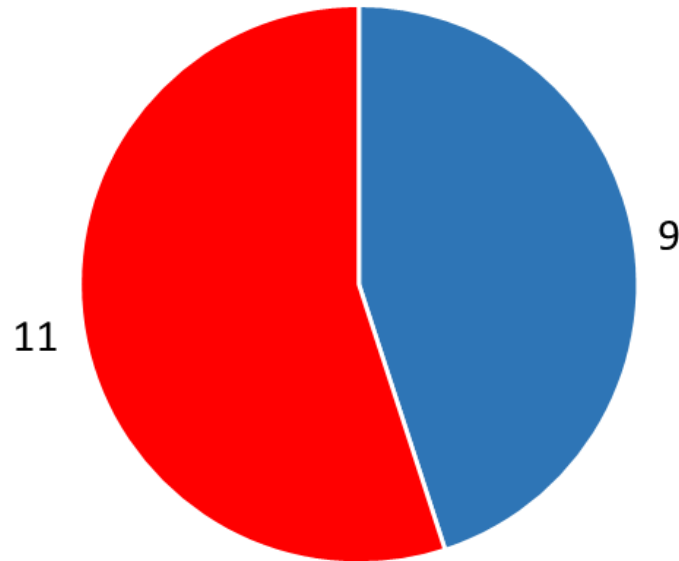

Administration (incl. reporting) was:

■ Appropriate

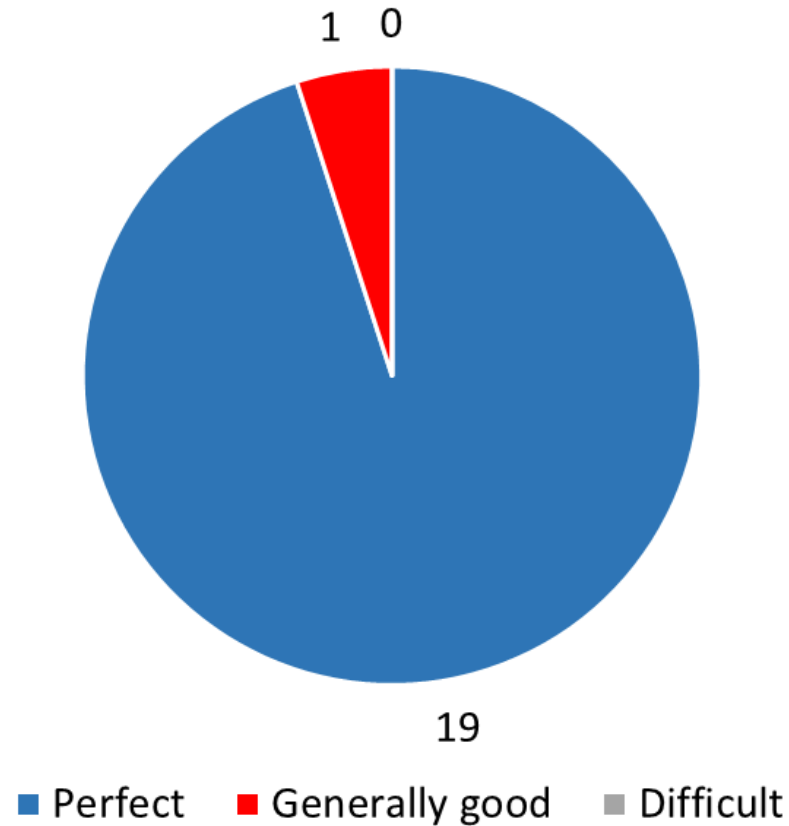

■ Easy, did not consume much of our capacity

Eligible activities/expenditures in the project
were:

- Exactly what was needed in our country
- Close to the needs, but we had to modify our aims partly

Communication with coordination team during the project was:

Main difficulties

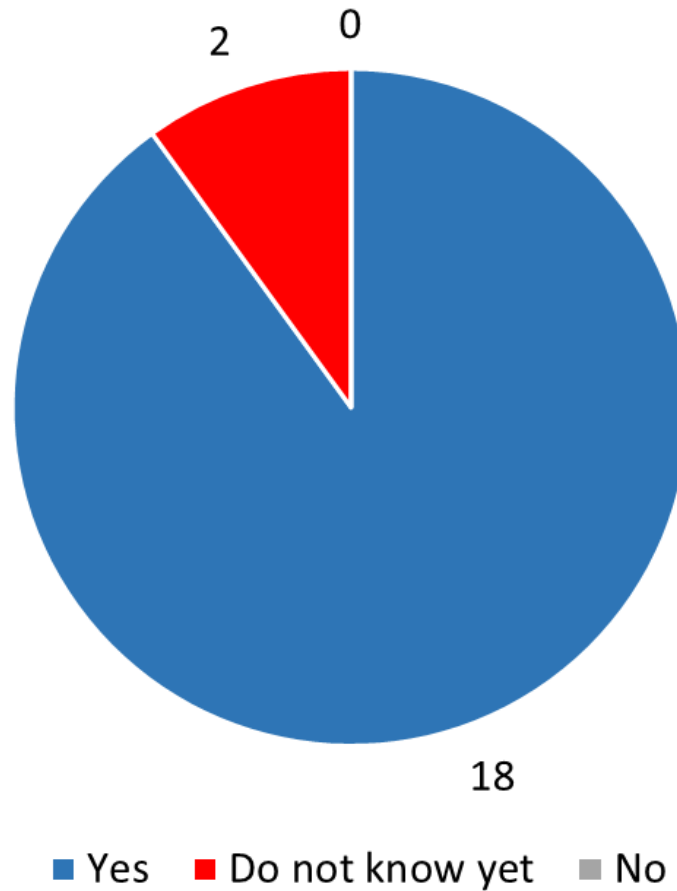

Fieldworkers

Large territory

Missing infrastructure

Politics incl. military conflicts

Do you desire to run a follow up project?

Thank you!
